1. Print the flag designs you want use.

2. Cut down the centre to separate (each sheet contains two flags).

3. Fold each individual flag in half so the blank sides touch.

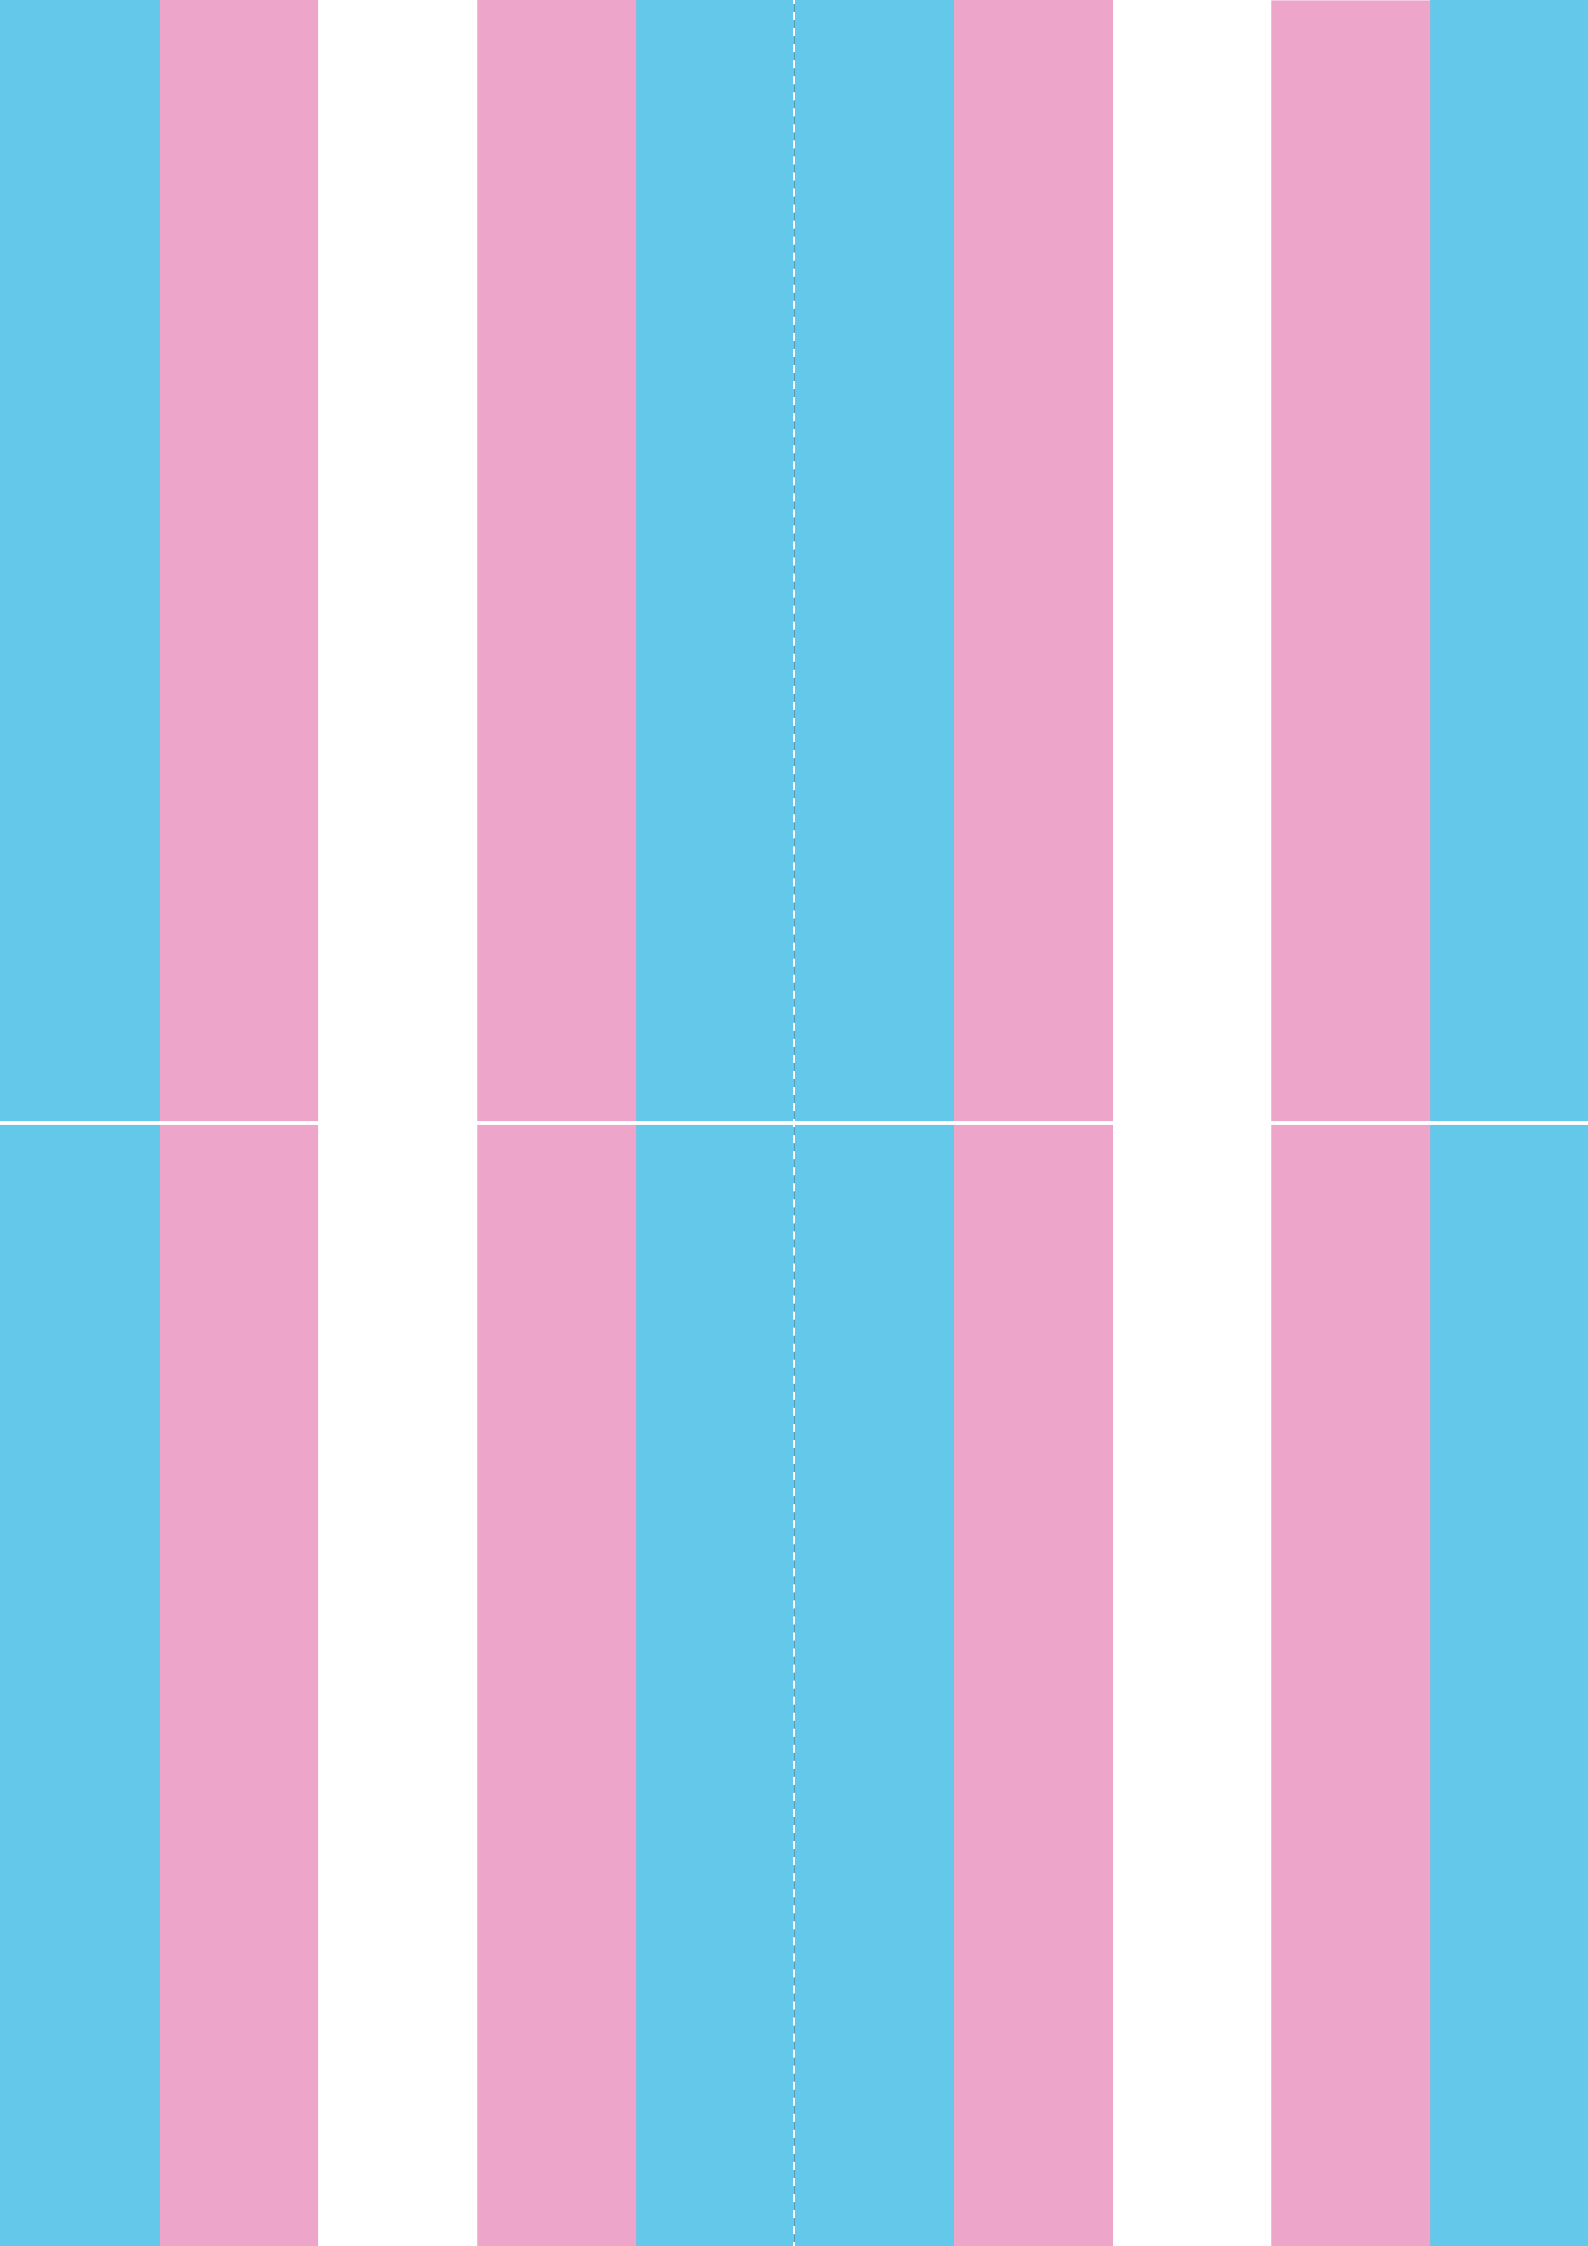

4. Secure the blank sides together, with glue or tape.

- Secure multiple flags over a piece of string for bunting.
- Secure an individual flag around a straw or stick for a single, wave-able flag.

Pride Flags

These are just three of the different LGBT+ flags that currently exist. You might see these at pride celebrations, on various buildings and even being worn. Displaying these flags is a great way of letting LGBT+ people know that they are welcome.

• Rainbow • Gay • LGBT+ • Pride

• Transgender

• Progressive Pride
